## WHAT IS IT ABOUT?

Collective leadership means distributing leadership across multiple people – flexibly, situationally, and often tied to roles. Always oriented toward the competencies within the team. But what does it take for Shared Leadership to succeed? What attitudes, roles, rules, and processes make the difference? Our coaching empowers teams to lead collaboratively and effectively.

Ideal for...

- ✓ Teams that want to distribute responsibility and decision-making processes
- ✓ Companies that want to make their employees more accountable
- ✓ Managers who want to promote proactive action and committed teams
