WHAT IS IT ABOUT?

As a specific form of shared leadership, co-leadership introduces a new dimension to collaborative leadership practices. For leadership tandems and committees to really work together successfully, they need clearly defined roles, coordinated processes, and a shared leadership mindset. In our coaching sessions, we support you in shaping and sustaining strong, effective collaboration.

Ideal for...

- ✓ Management tandems in top-sharing-models who want to put their collaboration on a solid foundation.
- ✓ Management committees that want to develop a common leadership identity as well as resilient practices.
- ✓ Leadership teams (boards, committees) who want to bring clarity to roles, decision-making processes and communication.

COACHING MODULES
